More Rain Last Month

Rainfall continues above normal this year, with 1.12 inches reported for the month of September in Canyon.

This amount was recorded by Dr. M. B. Measamer, professor of geography at West Texas State University.

Last month's precipitation brings the year's total to 24.65 inches, which is five and a half to six inches more than normal, according to Dr. Measamer.

Rainfall recorded so far this month is .10 inches, said Measamer.

Temperatures during the past month were somewhat lower than normal, he added.

Developer Shoots For May 1 Opening

Canyon will have a new shopping center.

Plainview Developer Ruel Nash this week announced that two chain stores and probably a third will be housed in a 36,000 square foot shopping center at the site of the Assembly of God Church on Twenty-Third Street.

Nash said Ideal Food Supermarket and TG&Y already have signed contracts.

Ideal will occupy 15,000 square feet of floor space in

Museum Total Up This Year

More than 1,000 persons more than last year have visited Panhandle-Plains Historical Museum so far in 1965, according to museum director Boone McClure.

Guests at the museum during the month of September alone have totaled 5,564, as compared with 5,520 during the same month last year. Represented in the sum are residents of 44 states.

The September total brings to 71,111 the number of persons who have gone through the museum this year, said McClure. Last year at this time 69,772 had visited the building.

the center and will maintain a prescription and drug department.

TG&Y will be housed in a 7,200 square foot space. TG&Y is a variety type store.

The old church building already is being razed and contract for construction of the new center will be let Dec. 1.

Nash said completion is expected in time to allow stores involved to hold a May 1, 1966 opening. Nash said that at the moment 6,600 square feet of the new facility is open for leasing.

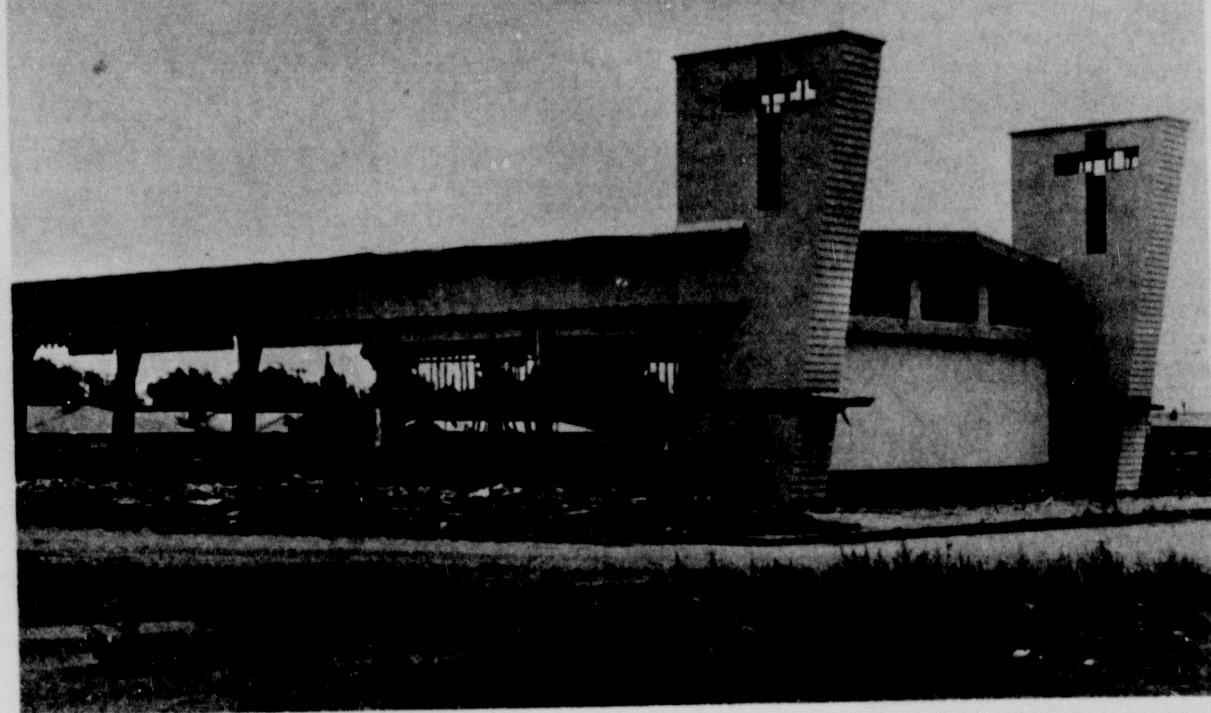

He said the center, which will occupy an entire block, will have parking facilities for 150 cars.

Nash bought the church site for a reported \$125,000.

Church officials this week said plans call for construction of a new Assembly of God Church. However, plans have not crystallized and no public announcement has yet been made.

A spokesman for the church said plans probably will be announced in the near future.

The Assembly of God Church on Twenty-Third was built in 1957. Pastor of the church at present and at the time the Twenty-Third Street building was constructed is Rev. A. J. Pettit.

The Assembly of God Church at 905 Twenty-Third Street is being razed to make way for a shopping center. The 36,000 square foot center will house an Ideal Supermarket, a TG&Y Store and possibly another chain store operation.

"Fantasticks" To Open Next Week For Fiesta

"The Fantasticks" returns to brighten the Branding Iron Theatre stage next week as West Texas State University's contribution to the Fine Arts Fiesta.

The musical-comedy was first presented here this summer, and the lyrical fantasy was well-received. In its second run, October 13-15, four new cast members will provide the only change in the WT production of the New York hit.

Matt, an "over-educated" college boy in love with the girl next door, will be played by

Wieck New Supervisor

Edward Wieck, Route 1, Canyon, was elected supervisor of Zone 2 of Randall-Potter Soil Conservation District Monday night.

Wieck was chosen for the five-year post in balloting which began at 7:30 p. m. at the Farm Bureau building in Canyon. Zone 2 landowners and wives voted in the election.

According to County Agent John Brazzil, soil conservation districts are political subdivisions of the state and by law are responsible for carrying out a soil and water conservation program in their district.

Zone 2 of the two-county area includes the portion of Randall County which lies west of U. S. 87, south of City Lake Road and north of Farm Road 1714 and the county line.

Speech Staff To State Meet

Ten speech teachers and assistants at West Texas State University will attend the Fortieth Annual Texas Speech Association Convention this weekend in Lubbock.

Five WT debaters will attend the meeting, also, which is held in conjunction with a convention of the Texas Speech and Hearing Association.

Dr. Crannell Tolliver, WT speech department head, is a member of the nominating committee, which will select officers to be voted on during the Saturday morning business session. Tolliver is a past president of the association.

Theme of the meeting, scheduled for today, Friday and Saturday, is "Life Begins at Forty." Special feature of the annual event is the official past presidents' dinner scheduled for Friday night.

All past presidents of the group will be honored, and guest speaker will be Dr. Harold Weiss, head of the speech department of Southern Methodist University. Another area member who is a past president is Mrs. N. N. Whitworth of Amarillo High School.

Debate members from WT will be present Friday evening and Saturday to invite convention delegates to their high-school tournament, to be held here November 19-20. Debators going to Lubbock are Tanya Benton, Cathy Brannon, Randy Hollums, Wayne Hughes and Robert Trapp.

Nearly all speech department members will be present.

Terry Milligan, Tulla junior. His father, who joins with the girl's father in inventing a feud to bring the young people together, will be portrayed by Wes Schulz, White Deer sophomore.

Amarillo sophomore Charles Wright will take the role of the Mute, vacated by Jimmy Woods, who created choreography for the production. Henry, the old Shakespearean actor, will be played by Don McPherson, Canyon graduate.

Returning to leading roles this fall are Gare Brundidge, Corpus Christi senior who portrays the narrator - bandit, El Gallo, and Milla Beth Gibson,

Canyon senior who will play Luisa, the somewhat naive and very romantic girl of the story.

Bob Haggard, Canyon junior, will portray Luisa's father, while Bob King, Samnorwood senior, will play Mortimer, Henry's friend who has achieved theatrical success with his spectacular death scenes.

"One of the most musical of musicals," the comedy-fantasy includes favorites such as "Try to Remember" and "Soon It's Gonna Rain," as well as such crowd-pleasing comedy numbers as "Plant a Radish" and "It Depends On What You Pay," in which the fathers contemplate Luisa's abduction.

Musical direction for the BIT offering is by Elsa Porter, with William A. and Margaret E. Moore serving as stage directors. Designer is speech instructor Erin Wertenberger.

Performances will begin at 8:15 p. m. next Wednesday, Thursday and Friday, with admission prices of \$2 for adults and \$1 for students and children. WT students will be admitted by activity tickets.

Foundation To Retain Canyon Epic

"Thundering Sounds of the West," which was presented this summer in Palo Duro Canyon Pioneer Amphitheatre, will be retained in the repertoire of the theatre.

The Board of Directors of Texas Panhandle Heritage Foundation, Inc., voted to keep the production at the suggestion of Paul Green. Green is the noted playwright who is preparing a script about the coming of the settlers and cattlemen to the Panhandle Country.

Green feels that the sound and light epic presented this year covers beautifully a part of the history of the Golden Spread which he will not touch on, and has urged that it be given frequently in the future.

Since the ways of combining a program of two productions are technically complicated, said Foundation president Mrs. Ples Harper, the board decided to ask William A. Moore, director for the Pioneer Amphitheatre, Paul Green, and Mark Summer, head of the Institute for Outdoor Drama, to work out future scheduling of the productions.

Buffalo At Buff Games

Charlie's successor has been found!

Not since old Charlie the buffalo died in 1956 has West Texas State had a mascot on the field during gridiron battles.

A. J. "Slim" Britten of Conway provided a Buffalo calf for Alpha Tau Omega Fraternity to display at football games.

Charlie II is being pastured at an undisclosed location.

Bob Wilkinson has been instrumental in helping the ATOs secure and maintain the new Charlie. Charlie will be on hand at Buff home games in the future.

City Commission Eyes Government Aid Plan

There was a fatalistic tone Monday night as Canyon city commission discussed various programs of federal aid to cities.

Particularly under discussion was a master plan for the city and Canyon's role in the poverty program.

Mayor Clarence Eugene Thompson noted that federal money is available for various city projects and said he would like to see the commission reconsider its position on a master plan for development before the next budget is prepared.

He told commissioners that the federal government will participate on such a plan to the extent of paying two-thirds of the cost.

Total cost of a master plan for Canyon would be about \$21,000, with the federal government standing \$14,000 of that amount.

Commissioners took the attitude that whether they like it or not, federal financial participation in city projects is a fact of life. One commissioner noted that Canyon citizens cannot escape paying income tax and for the city to refuse to accept federal money on any basis would amount to penalizing city taxpayers.

"I'm against a lot of this junk but it's there," commented Commissioner J. Manly Bryan.

George Ritter is the city's representative to Community Action Corporation, a group formed by Potter-Randall County Citizens Committee participants.

CAC is designed to channel request for poverty program funds for the Amarillo metropolitan area.

Ritter said Community Action Corporation will be expanded and that 30 percent of the expanded group must be made up of poverty stricken, minority

groups or spokesmen for them. Ritter told the commission that Community Action Corporation is concerned chiefly with helping school dropouts. He said the group hopes that in this way productive citizens may be made of people who otherwise might swell welfare rolls of the future.

Commissioners Monday night agreed to permit W. E. Williamson to pave a portion of the alley in the 2500 block of Eighth Avenue for a distance of about 200 feet.

They also authorized advertising for bids for the purchase

of 1,000 feet of fire hose. The group has extended an invitation to M. M. Spencer to attend the next meeting of the commission and present a request for a taxi service franchise.

Commissioners deferred establishment of a no parking zone on 26th Street from Fourth to Second Avenue. City Manager Dewey Bryant told the group that parking on both sides of that street makes it a one-way thoroughfare.

"It moves a lot of traffic (See CITY, Page 6)

Community Film Series To Open Sixth Season

Sixth annual Community Film Series schedule has been completed and again includes a collection of recent foreign and American films.

First film offered was shown yesterday and may be seen again tonight. It is "The Sutor," a French production of 1964 which involves results "hilarious for everyone but him... when a simple bachelor learns that there are girls in this world."

Films will be shown at the

Olympic Theatre on the north side of the square in Canyon, with features to be shown at 7 p. m. and again at approximately 9 p. m. When included, short subjects will be shown twice also, before each showing of the featured film.

According to series president F. M. Blackburn, "it is to be emphasized that these films are designed strictly for adult entertainment; they are not meant or recommended for viewing by children." Possible exception is "The Red Shoes," to be shown October 20-23.

This 1951 British film has been brought back especially for the Fine Arts Fiesta, and presents the story of a young girl who becomes a famous ballet dancer and then falls in love.

Individual admission tickets of \$1 per person will be sold at the theatre. Basic evenings for showings will continue to be Wednesday and Thursday this year, although four - evening runs will be tried on an experimental basis.

This new method will include one instance, in which "Nobody

Waved Goodbye," a 1965 Canadian picture, will be shown November 17-18, while another feature, this year's well-known American feature "The Collector," will be seen November (See COMMUNITY, Page 10)

Latest winner in the weekly football contest is Gene Read, 2503 Fourteenth Avenue, Canyon. Read won \$10.

Second place prize of \$5 was won by Roy L. Gosnell of 2912 Roosevelt, Amarillo. The contest will be continued each week throughout football season.

by Troy Martin FROM THE CANYON RIM

I talked to Arthur Hale, secretary of the State Fair and keeper of the keys to the Cotton Bowl, this week.

He has his problems with turf at the Cotton Bowl, just as are encountered at any football field where a great number of games are played.

The Cotton Bowl has a tarp. Hale says you can buy one for about \$7,500 to \$8,500. Tarps made out of nylon come higher.

He said the Cotton Bowl has used one tarp as long as 15 years. He's pretty well satisfied with protection a tarp gives a playing field.

However, Hale said there are always some slip ups. Cotton Bowl officials try to keep in constant touch with the weather bureau in the fall but sometimes even this doesn't help.

"A shower caught us by surprise last night (Sunday night)," Hale declared. "I hope the sun comes out and gets the playing field dry by Wednesday or Thursday."

The Texas-Oklahoma game will be unrecalled on the turf at

the Cotton Bowl Saturday. Cotton Bowl turf takes a lot of punishment. The Dallas Cowboys play there as does Southern Methodist University.

Then during high school week, nine high school games are played at Big D's bowl. Hale said one year there were 33 games including high school, pro and college games and because it was a dry fall, the turf was still in fair shape for the New Year's Day classic played there annually.

Hale said a pro team is rougher on turf than a college team, a college team rougher than a high school team and a high school team rougher than a junior high team.

Hale said the playing field gets hurt worst between the 20 and 30 yard lines on either end of the gridiron. "That's where most of the play is concentrated," he explained.

Jack Lair at Texas Research Foundation at Renner is consultant for the Cotton Bowl. Dr. T. C. Longmeyer, who was head of the High Plains Re-

search Foundation at Halfway, formerly held that post.

Opinion here in Canyon is divided on the advisability of the school system buying a tarp to be placed on the playing field at Buffalo Bowl during inclement weather preceding high school games.

Canyon Eagles hosted a football game with Levelland a few weeks back under extremely poor conditions at the practice field behind the high school building.

West Texas State University officials are afraid that use of Buffalo Bowl during wet weather would damage the turf there.

Canyon School authorities hope the tarp will keep the field dry and usable, even in wet weather.

Ordinarily, it will.

However, I think we should understand that a tarp is no guarantee that the weatherman won't miss a prediction and that we may get caught without our tarp down early some rainy Friday morning.

Also, there's a possibility that a frog-drowning downpour might be under way at kick-off time some Friday evening.

On the other side of the coin, we may go a score of years without such a set of circumstances coming to pass.

Anyway, a member of the school board has quoted WTSU President Dr. James P. Cornette as having said that when the tarp is available the Eagles will be able to use the field even if a deluge does begin at kick-off time or the weatherman goes on predicting an early Friday morning shower.

This pronouncement was reported to have been made at a meeting between university officials and Canyon School officials.

I assume this wraps it up and assures the Eagles of a place to play during the next several years. This being the case, the \$12,000 we'll wind up investing in the proposed tarp is the bargain of the decade.

Of course it would be best if Canyon School District could afford a stadium of its own.

School people say a stadium would cost in the neighborhood of \$100,000. That's a lot of money to spend on a stadium under the circumstances when cash is so badly needed to meet basic educational needs of the community.

School Supt. Huelyn Laycock pointed out to me only this week that the junior high school building needs a face lifting right away. Need for more class rooms is just around the corner.

WTSU has a stake in continued academic excellence of Canyon School System. By coming to terms with the board of education on the stadium problem, WTSU officials have made a tremendous contribution to the well-being of Canyon School System which will in turn be of vast benefit to their own institution.

Two West Texas State University professors will attend an area conference in Abilene on the improvement of teacher education Saturday.

Dr. J. B. Roberts, director of teacher education, and Dr. Pat Sullivan, associate professor of education, will attend.

Eagles Romp To Win Over Bobcats 31 To 0

Canyon's Eagles romped to a 31 to 0 win over the hapless Childress Bobcats here last Friday night.

First Eagle marker was set up when Canyon took a Cat punt on the Eagle 40 yard line. Joe Moore picked up three yards. Sherman Smith managed a yard. A Tom Lair pass to Tommy Thompson fell incomplete and then Lair hit for six and a first down.

Lair passed to Smith for eight yards and then kept for four more and a first.

Lair then tossed a 40-yard pass to Dennis Haley in the end zone for the marker. Jerry Davis kicked the point and eight minutes deep in the first quarter, Canyon led Childress 7-0.

Tom Lair made the second TD with 8 minutes, 53 seconds left in the first half.

That score was set up when Wayne Brewer stole a Bobcat pass on the Childress 20. His 16-yard runback was nullified by a penalty and the Eagles had it first and 10.

Brewer picked up 17 yards on three plays and then Lair plunged to the three yard line. Moore made it to the one and then Lair on a keeper went for the TD. Try for extra point

failed and the score was 13-0. Minutes later, Moore took a Childress punt on his own 20 and, behind tremendous blocking, threaded his way 80 yards for a score. Again the try for extra point failed and the score was 19-0.

Canyon scored on the opening series of downs in the second half. Canyon took the kick-off and went into business on the 35 yard line. Lair threw to

Seventh Graders Victors

Canyon's seventh grade team goes against Coronado of Plainview this Saturday in Plainview at 10 a. m.

Last week the seventh grade romped past Borger 22-0. Quarterback David Carter scored twice, once on a quarterback sneak and another time on a 60 yard punt return. Tackle David Smith did what every lineman dreams of and that is to make a pass interception and run for a touchdown. Smith blocked the pass and then the ball fell in his hands so that all he had to do was ramble for a touchdown.

Bruce Winn for 20. Brewer picked up 6 yards. Moore went for no gain and then Lair made the first down.

Brewer picked up 13 yards on three downs and then Lair went in for two. Brewer picked up two more and Lair tossed to Smith for the first down.

Moore went in for seven placing the ball on the 7 yard line. Lair threw to Haley for the touchdown.

Conversion attempt failed and the score was 25-0.

Final marker also came in the third quarter.

Lair intercepted a Bobcat pass on the 37 and then a few plays later threw to Brewer for the touchdown.

This ended scoring in the ball game with Canyon winning 31-0.

Coach Jim Greenwood cleared the bench in the fourth quarter to give the reserves a chance to play with the varsity.

Canyon made 14 first downs while Childress posted six. The Eagles completed nine passes in 22 attempts. Childress completed nine in 24 tries.

Total yardage gained by Canyon was 349 while the Eagles held the Bobcats to 171.

"Real tough was the way," Coach Greenwood described Olton. The Mustangs visit Canyon Friday night. The game will be played at Buffalo Bowl at 7:30 o'clock, if the weather is good.

Greenwood says Olton has a well-balanced team that hits hard. Joe Priest is a triple-threat man for the Mustangs. The Mustangs have a 2-2 record, having beaten Hale Center and Morton.

Wayne Brewer is shown here crashing for yardage in the Childress game. Mike McBroom (72) has just thrown a block for him and Quarterback Tom Lair (11) is shown in the background. Bobcat Bobby Rowland made the tackle.

Club Shoot Is Sunday

Canyon Archery Club will hold an "animal round" Sunday afternoon, October 10.

The round will be held at the cleche pits just off of Hunsley Road with registration beginning at 1:30 and the shoot getting underway at 2:00 p. m. Shoots are held almost every Sunday according to Jack Collier, spokesman.

Mr. and Mrs. C. E. Clark and Ruth Cross spent the week end on the colorful aspen tour in northern New Mexico touring Santa Fe and Taos.

Visiting with Mr. and Mrs. Howard Birdwell during the week end was his mother, Mrs. Oma Birdwell of Hobbs, New Mexico.

Reorganization Of Cadet Scouting

The Cadet level of Girl Scouting in Canyon is currently undergoing reorganization of troop structure and leadership according to Mrs. R. B. Gist Jr.

"Scouting is for all girls," noted Mrs. Gist. "We are hoping with reorganization to gain a large percentage of girls not presently participating in scouting programs on this level."

Cadet scouts include girls ages 12, 13, and 14, or those in the 7-8-9th grades.

A special organizational meeting for eligible girls and their parents is scheduled for Monday, October 11, at the new Girl Scout Building at 3:45 p. m. All interested persons are invited to attend and express ideas on activities.

"From a main troop of Cadets we will break into patrols of about eight girls to study and work on different interest levels," related Mrs. Gist. Parents will be included in the troop as an advisory committee and mothers will divide the leadership and sponsorship of troops in the most advisable way.

"The girls will be in charge of their own programs and will elect leaders," said Mrs. Gist. Among points taught by Girl Scouting are social depend-

ability, emergency preparedness, active citizenship on the local level and understanding of the Girl Scout promise.

Cadet Scouting requirements include the age level, 12-14 or seventh through ninth grades; attend and participation in four meetings; pay national membership dues of \$1; and make the Girl Scout promise.

One Hurt In Mishap

Four young people escaped serious injury Saturday night when the car in which they were riding hit a soft shoulder and overturned on South Washington Street.

The accident occurred south of the Palo Duro Turkey Farm. Dennis Butler, Canyon, suffered minor back injuries and was hospitalized two days. Driver of the car was Mark Lair. Other passengers were Janet Haggard, Canyon, and Tyra Houston, Amarillo.

The car was demolished. The four were enroute to the Buff football game when the accident occurred.

Mr. and Mrs. J. B. Webb were in Borger recently to visit with Mr. and Mrs. Bob Daves.

Three Buffs Given Best Player Awards

Most valuable player awards highlighted a meeting of the West Texas State University Touchdown Club held Monday night in the East Cafeteria on the campus.

Spencer "Hank" Washington, who set a new completion mark in last Saturday's 22-14 victory over Arizona State, won the Most Valuable Player award for his sparkling performance in that game. Washington fired 19 of 38 passes on target while setting a new record in completions and also tied the old mark for passing attempts. The offensive leadership of Washington has led the Buffs to their best start since 1963. The offense has exploded for the highest total of yardage gained since the days of "Pistol Pete" Pedro.

Coach Joe Kerbel had praise

for the big signal caller after the meeting of the touchdown club.

"Washington has done an excellent job for us at quarterback, especially in the game with ASU. Hank has good physical qualities for his quarterbacking duties, but more important has the football mind to go along with his physical proportions," said the smiling Coach.

The coach also said of the 6-4, 200-pound transfer, "He's got the confidence and sheer nerve to stand in the path of the big onrushing lineman and then complete his passes".

Other recipients of MVP awards were tough Dave Gasser for the Bowling Green game and rugged Butch Walterscheid for his tremendous showing in the Ohio University game. Individual trophies are not presented to the MVP recipients but each player's name is inscribed on a plaque, on one large trophy.

The MVP trophy will be displayed in the football showcase in the field house. (At the end of the season.)

Coach Kerbel thanked the Touchdown Club for the MVP idea saying that he hopes the Buffs would win every game so that an award wouldn't have to be given in a losing cause. Other issues covered included discussion of the high number of penalties assessed against the Herd in last week's ASU battle. Six personal fouls were called on the Buffs in the fracas while Dave Gasser was thrown out of the game for unnecessary roughness.

Coach Kerbel was especially pleased about the way his charges came back the second half after blowing a 13-0 lead. The coach said that ASU was a great team but added that the Buffs played the Sun Devils real tough, despite all the penalties called against the Herd. Scouting Coach Ken McCullough gave a short report on the Trinity Tigers, the Buffs opponent this week when WTSU goes for its fourth straight win.

Methodist Workers Conference

A church school worker's conference will be held at the First Methodist Church Wednesday, October 13th.

The program will be held in Fellowship Hall of the church beginning at 7 p. m. and is designed as a planning session for officers, workers and the commission on education.

A covered dish dinner will conclude the meeting with meat, bread and drinks provided by the church.

Mrs. Lottie Sanderson of Chillicothe spent three weeks recently visiting with her son, O. B. Sanderson, and family in Canyon.

Assembly Installs Rainbow Advisor

Miss Shirley O'Donald was installed as Worthy Advisor of Canyon Rainbow Assembly No. 214 in ceremonies Saturday afternoon at Masonic Hall.

Miss O'Donald's theme was "Love" and her scripture Romans 12:9-12. Her song was "My God and I" and her flower was the gladioli. Green and white were used as her colors and her symbol was the opened Bible.

Her father, S. O. O'Donald, was presented behind the bow in the East for introduction.

Performing the installation were installing officer, Jackie Stone; installing marshal, Bobbie Kay Parsons; installing chaplain, Janet Ritter; installing recorder, Dana Anderson; and installing musician, Linda Hatchel.

NEW committee members and chairmen of Student Union Board met Tuesday in a session principally informative in nature. Members were informed of their duties and activities, and budget was discussed by program director Sonny Schnell.

Plans were made for Married Students Game Night Friday and for Homecoming.

MARK WATKINS was named Freshman of the Week by WT Student Senate Monday in the regular session. Watkins lives in Jarrett Hall and is active in the WT band, for which he plays tuba. A business management major, he is the son of Mr. and Mrs. James A. Watkins. Mr. Watkins is a retired Air Force captain, and the family has recently returned from a three-year assignment in Hawaii.

Mark hopes to begin a Dixieland band next semester. He had such a band in Hawaii, playing various spots along Waikiki.

STUDENT SENATE discussed a new constitution introduced Monday. Discussion will resume next week following further deliberation on the constitution.

HOOTENANNY and after-game dance proved very popular last Saturday night, according to Schnell. The approximately 175 chairs were filled and additional students stood in the game room for the late hoot, while an estimated 600 persons attended the dance in the ballroom.

Reader's Letter

Dear Miss Love,

One section of your column "Fun 'n' Folk" states that you have difficulty understanding why some people regard signing the loyalty pledge as an unconstitutional requirement. Has it ever occurred to you or any other brain-washed idiot that if a true Communist were asked to sign the loyalty oath he would do so without compunction. After all, as unprincipled atheists, no Communist is going to worry about a little oath like that! Why not ask for a pint of blood instead?

HOMEcoming plans are being finalized, with 16 floats already spoken for by fraternities and dormitories. One trophy each will be awarded the outstanding float and dorm decoration. Theme this year is "Fairy Tales."

Western Week will be opened with a Western Stomp by the Block and Bridle Club Wednesday, October 20, and the celebration will officially be Thursday and Friday, culminating in the New Mexico State football game at 2:30 p. m. Saturday. During the two "Western Days," a jail will be used on campus to hold all students not dressed in Western garb.

Included in festivities will be a parade, for which 10 bands, two riding clubs and the various floats are already arranged. Dr. Jack Walker is in charge of Homecoming preparations.

Johnson Heads 2 Departments

Dr. Roland Johnson, professor of business, has been named head of the departments of business education and office administration for the School of Business at West Texas State University.

Dr. Johnson assumed duties as head of the two departments with the opening of the fall semester, according to Dr. C. C. Callarman, chairman of the School of Business.

Dr. Johnson joined the WTSU faculty as an associate professor in the fall of 1964, coming from the University of Denver where he was an assistant professor. He formerly taught at North Texas State University and Arkansas Polytechnic College.

Dr. Johnson holds B. S., M. B. A., and Ed. D. degrees from North Texas State University. He is membership chairman for both the National Business Education Association and the Texas Business Education Association, and is district chairman for TBEA. He has been state adviser for the Future Business Leaders of America for the past five years.

He is a national council representative for Delta Phi Epsilon and is a member of Phi Delta Kappa and Kiwanis International. He is the author of a number of articles in business education journals.

Best Kids Defense In Longhorn Game

In the best defensive game seen in Kids, Inc., football by attending Amarillo association officials, Canyon Longhorns outplayed Belmar Saturday, only to be defeated 6-0 by the

visiting team.

Canyon's Kids, Inc., major league team accumulated 11 first downs to only two for Belmar. One of Belmar's first downs was made on the only pass completed against the Longhorns this year, while the other was due to a 15-yard penalty. In the pass the receiver was downed immediately.

Only score of the game came when Belmar intercepted a pass from Mike Shadix intended for Chuck Wright.

"That was our biggest mistake during the game," said Coach Jon Low. "We used sideline passes too much. But all the backs ran extremely well."

Quarterback Shadix racked up an average of 9 1/2 yards per carry, as he ran for 85 yards in 9 carries, eating up ground on roll-out plays.

Altmiller contributed 35 yards in a punt return and was stopped by the last Belmar player between him and the goal. Mark Vaughn recovered an opposition fumble knocked loose by Sam Kerbel, and Donnie Minier intercepted a Belmar pass but couldn't hang onto it.

Minier was credited by Low with playing the best game at cornerback Low had ever seen anywhere. "He did the hardest tackling," said Low, "and threw a lot of good blocks on offense."

Longhorns penetrated to the seven-yard line of Belmar three times during the game, and were stopped at the 18-yard line once. They were thrown for a loss only once, when Shadix was caught behind the lines as he faded back to pass.

Low praised his whole squad, mentioning in particular the defense work of right safety Robbie Carter in excellent tackles and hard hitting blocks, and defensive end John Hoover.

Three most outstanding players of last week's game as chosen by Low were Shadix, Minier and Ricky Edmondson. Edmondson, a linebacker, was credited with great defensive effort and skill.

Belmar was the first conference game for the major league Longhorns. Saturday the Canyon team will meet Whittier at Travis junior high in Amarillo at 2 p. m.

Game Night For Married WT Students

Married Students Game Night will be held Friday in the Snack Bar area of Student Union Building, 8-11 p. m.

This is the first time such an event has been planned, according to program director Sonny Schnell, and it will be on a trial basis. Union board is interested in what activities the married students would like included in the program, and how many would be participating.

Babysitters will be provided by the board, and information regarding the babysitters may be obtained from Schnell by calling OL 5-7141, W. T. Station 2217.

During the Friday game night bridge and various other card games will be offered. If interest is shown, activities will expand into other areas, Schnell added, possibly including dances.

Drama Institute Head Visits Canyon Theatre

BY LINDA LOVE

Best sound system ever seen anywhere in an outdoor theatre is that used by Pioneer Amphitheatre, according to Mark Sumner, director of the Institute of Outdoor Drama.

This was Sumner's reaction to a special demonstration Friday night of the theatre's sound and light system, said Mrs. Ples Harper, president of Texas Panhandle Heritage Foundation.

The institute head was guest of the Heritage board Friday in a visit to Canyon to confer and offer advice on various facets of outdoor production and management.

Meeting was occasioned by decision of the foundation's board of directors to proceed with the opening of the Paul Green drama of the Panhandle in 1966. The institute, located at University of North Carolina in Chapel Hill, acts as a clearing house of ideas and techniques in outdoor drama and a repository for such information.

Sumner was honored with a coffee at 9 a. m. Friday, after which he spoke in the Intimate Theatre of the Fine Arts Building at West Texas State University to a theatre full of spectators.

He showed 75 slides of other outdoor theatres in the nation and explained various functions, answering questions at great length from the audience.

Sumner discussed also present trends in theatre and on Broadway, explaining that Broadway, with its "thesis plays," has become "sick" and so is receiving less patronage than it used to in New York.

Outdoor drama contrasts with this, he pointed out, for it presents the broad sweep of subject rather than narrowing itself down continually. Productions such as the Palo Duro Canyon show, he said, are "extroverted," and they represent and reproduce the victories of the people.

Sumner added that theatre managers and workers must always bear in mind the debt owed to community money.

At noon Friday he and various board members were guests of L. P. Gilvin at the Amarillo Club, where Sumner advised on finance.

Sunday Canyon color scene was used in a Texas Tourist Agency Development advertisement in last month's Reader's Digest. The digest prints more than six million copies each month, which means quite a few people will be taking a look at a section of our Palo Duro Canyon.

WT is really rolling along, swallowing opponents right and left this football season. We should all be very grateful for the topnotch work of the line.

I ran back to OU last Saturday to see my alma mater play and came away with an even greater respect than ever for a good line. We've always been pretty appreciative of those fellows at OU, naming an "Ug" Award winner for outstanding defensive work each week and such.

But its importance could never be emphasized as graphically as last Saturday. Talk about frustrating! Some of the best young backs we've had since the 'Fifties, and we couldn't move without a nice husky line in front. But they didn't give up, and who knows—maybe we can feed them more.

You may already have noticed the letter on this page from "A reader." "A reader" took issue with me on a feeling I expressed here last week regarding the unconstitutionality of loyalty oaths, objected to by various groups as a "matter of principle." These groups assert the oaths involve a test of political beliefs.

I agree implicitly with "A reader" about Communist lack of scruples or conscience in doing anything, as a Communist has only one goal in whatever he does and says. In fact, I suppose I have taken this too much for granted.

Any person or group dedicated to opposition of our nation and what it represents would react similarly, so that the purpose of an oath in such cases is not one of prevention so much as of prosecution. Someone who has signed such an oath and is then convicted of activities in conflict with the

oath may be prosecuted for perjury, one of the sole resources which we retain in dealing with these people.

As I recall (after re-reading the column) I made no mention of any specific political, social or religious group aside from the two guilds I was discussing at the time. There are, of course, many people who have proven themselves highly useful to national adversaries of all types, either through intent or ignorance, and it was the effects of such persons I was discussing.

In taking issue with the suit charging unconstitutionality of the oath, I argued not on the basis of prevention or prosecution, but on their own grounds of "principle."

In this case it becomes a matter of whether or not personal rights of freedom in political belief are being infringed upon. My own feeling was and is that overthrow of a government which tolerates such a wide range of beliefs should still be considered somewhat outside the area of approved activities.

It's old-fashioned, perish the thought, but it seems there are places one should draw the line in leniency, and it's stretching the point of politics a little when you deal with loyalty to the nation's funda-

mental principles.

Reminds me of one day early last fall when I was driving in a residential section of lovely Tulsa. I passed a house which had the American flag flying from a pole in the front yard and, realizing it wasn't a special holiday, mentally identified the resident with a specific political group.

I was instantly ashamed of myself, of course. It seems a poor attitude when a person identified what used to be common, every-day patriotism with one particular brand of politics.

Looking forward to "The Fantasticks" next week. They have recast four parts, held earlier by students who are elsewhere this fall, and it promises to be every bit as entertaining as it was this summer.

Speaking of entertainment, I noticed that Walt Disney is producing a record number of ten features in 1965. His usual average is five, with the previous high set in 1963, when he offered six feature-length films. It promises to be a happy year.

Buff Masquers Hold Workshop

"Remember It in LIGHTS!" is the theme of this year's high school workshop, presented annually at West Texas State University by WT drama club, Buffalo Masquers.

The day-long session, to be held October 16, will be attended by representatives of high schools in the Panhandle area, and is scheduled to begin at 9 a. m.

Work includes classes in costuming, acting, direction and makeup techniques. Lectures and discussions of various technical and production arts are given, and talks and demonstrations are presented by Masquers, dealing with varied facets of theatre work.

Title of the session is taken from a line spoken by the old Shakespearean actor in "The Fantasticks," which will be presented for the students in a special matinee performance Saturday afternoon.

President of Buffalo Masquers is Max Nelson, and vice-president is Bob King. Erin Wertenberger, instructor of speech, serves as sponsor.

Plant A Radish

FEUDING fathers match watering can and clippers when a pretended fight blossoms into the real thing in the backyard gardens of the "Fantasticks" neighbors. Tunesfully wishing their respective daughter and son were as predictable as vegetable gardens, the fathers in the

musical-comedy-fantasy find tempers growing short as winter approaches. They are portrayed by Bob Haggard of Canyon, left, and Wes Schulz of White Deer, right. The popular romance will be presented October 13-15 in Branding Iron Theatre at 8:15 p. m.

DIRECTOR OF INSTITUTE of Outdoor Drama, Mark Sumner of Chapel Hill, North Carolina, met Friday with Texas Panhandle Heritage Foundation board and members to discuss and

Bufs Cool Devils, Keep Record Clean

BY ART ALBRACHT

Arizona State broke West Texas State University's scoreless defensive record last Saturday in Buffalo Bowl but the Bufs still raced to their third straight victory 22-14.

The Sun Devils fractured WTSU defense for two touchdowns in the second quarter of the battle but the Bufs strong defensive comeback in the second half proved fatal to ASU. WTSU fought back from a one point deficit at half, to score nine points in the final half while ASU was shut out. The Bufs were given several chances to break the game wide open but failed to as several drives faltered deep in ASU territory. An acrobatic pass interception by safetyman Steve Haterius stopped an ASU drive toward a tie game with two minutes remaining in the battle.

The Bufs were penalized 153 yards on every kind of infraction imaginable. In the Sun Devils "blue chip" second quarter, the Bufs were penalized 106 yards with 30 yards coming on one play. ASU practically walked to their first tally although the Bufs did stop the initial drive, however, the penalties aided the Arizona team in getting the Bufs buried deep in WTSU territory.

at the Bufs two, the Herdelect-ed to punt the ball out of the hole and did just that. Armentrout punted the ball out to WTSU 46 yard stripe but the referee threw his now familiar red flag. A fifteen yarder for a personal foul was assessed against the Buffaloes.

Again the Buff defense re-pulsed the Sun Devil drive, this time at the WTSU nine. Brian Deady, who had scored the Herd's first two touchdowns, fumbled the ball to ASU at the WTSU eleven. A "half the distance" penalty and two blasts by speedster Travis Williams netted the Sun Devil touchdown without an opposition score of any kind. Dick Davis then booted the conversion good cutting the Bufs' lead to 13-7.

The Bufs opened up the scoring in the game on their second possession of the skirmish. Chuck Kolb, who averaged 50.3 yards per punt in six kicks, booted the ball from his own 20 to the WTSU 40.

From that point, quarterback Spencer "Hank" Washington led his charges to a quick touch-down. It took the Bufs just three plays to go 60 yards to pay dirt.

Washington sent James Cowell around the end for 38, Ronnie Mankin up the middle for 10, and Brian Deady the final two for the tally. Mankin placed the conversion try through the uprights giving the Herd a 7-0 lead. After the defense held the Sun Devils on their next possession, Washington again had the Buffaloes on the move. Starting from their own 29, the Bufs moved to the ASU 48 when a fourth and ten situation forced WTSU to punt.

ASU couldn't move the ball on their final attempt of the first quarter. Early in the second stanza, the Bufs moved for their second touchdown. In this surge toward the ASU goal, Washington fired beautiful passes to Armentrout for 28 and 11 yards, and Ted Wheeler for 12 yards. Deady rammed in from the two for his second touchdown but Mankin's conversion went wide holding the score at 13-0.

ASU didn't get its first down of the battle until the last play

of the first quarter. Late in the second quarter, the Sun Devils stunned the 17,000 partisan Buff fans when quarterback John Goodman completed a 59-yard scoring drive by flipping a pass to sensational Ben Hawkins for the tying points. Davis booted the extra point which placed

ASU on top by one and put the Bufs behind for the first time this season.

WTSU failed to muster a drive after the Sun Devil marker and the Bufs had to settle for a one point deficiency as they went into the dressing room at the half.

The Bufs looked more like the WTSU team that took the first two games of the season in the final half. Washington led the Herd to goodfield goal position allowing Mankin to kick the three pointer. The Buff defensive unit also held the ASU offense in check until late in the

game as Butch Walterscheid, the Wood Twins, Jimmy Campbell and the rest of the defensive unit played hard-nosed football.

Washington completed six of nine passes in moving the Bufs to field goal position at the ASU three. In the drive, Washington passed for three first downs while Cowell caught the big gainer of 32 yards from the Bufs' 28 to ASU's 40. Mankin's three pointer covered 19 yards and placed the Herd back in the lead at 16-14.

A balanced drive by the Sun Devils moved the Arizona State team close to Buff territory but the Herd stopped the ASU express by holding on a big third down play. Kolb dropped into punt formation on a fourth and nine for the Sun Devils. Walterscheid and Burl Wood came crashing through the ASU blocking and the sight of the two on-rushing linemen scared the wits out of Kolb. The punter fumbled the ball and then attempted to run with the pigskin. He was quickly clobbered by the crashing linemen.

It took the Bufs just two plays to capitalize on the Sun Devil miscue as Washington flipped a screen pass to Mankin who circled right end and

then sprinted 40 yards for the insurance tally. WTSU elected to try for a pair of extra points but a Washington pass to Wheeler fell incomplete. The WTSU lead now stood at 22-14 but the Bufs came very close to widening it, however, on a fourth and 22 at the ASU 22, Washington fired to Wheeler for 20 yards but the Detroit, Mich., end couldn't get into the end zone.

The Bufs came very near to scoring in the early part of the fourth quarter but a field goal attempt from the 15 was no good.

Goodman moved the Sun Devils deep in Buffalo territory with less than four minutes left in the game. The Sun Devils moved all the way from their own eight to the WTSU 14. Most of the yardage was gained on passing with Hawkins grabbing three of Goodman's tosses. Haterius, the nation's number one punt returner, proved his defensive skill by making his unbelievable interception of a Goodman pass at the Bufs' eight. Haterius managed to stay on his feet after gliding through the air and stumbled for six yards.

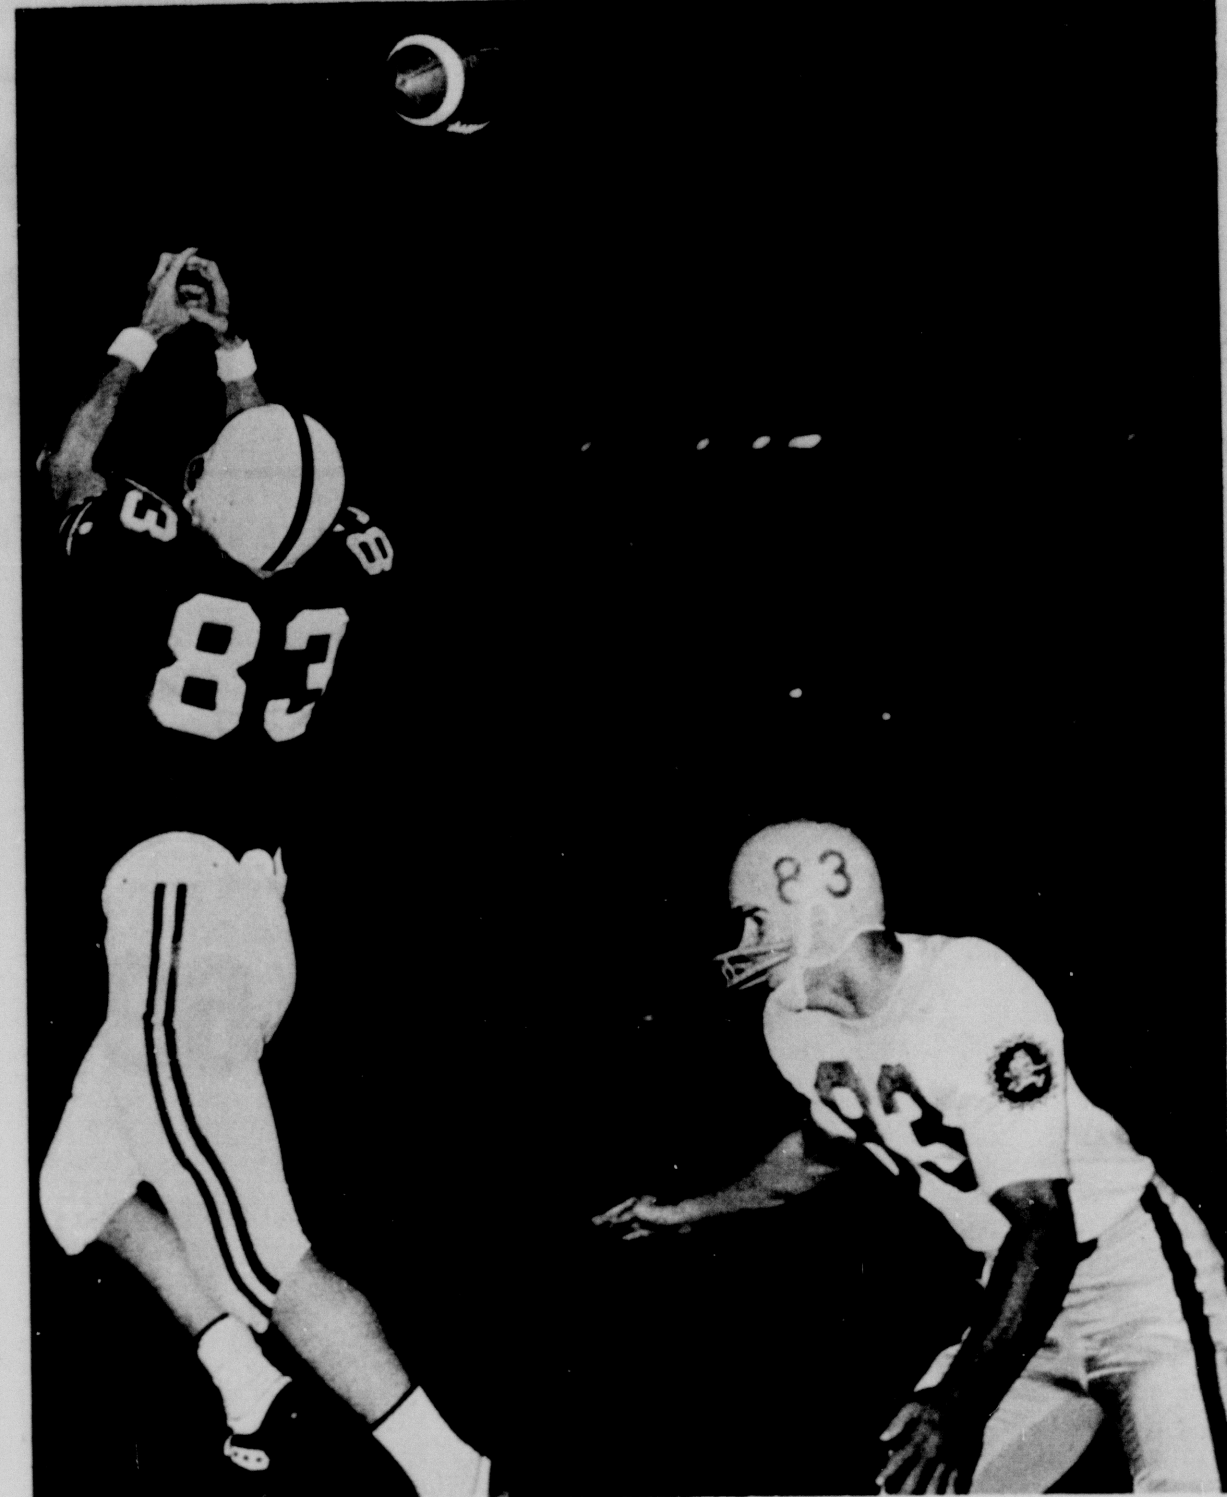

A last ditch ASU try for a

touchdown ended in vain as time ran out with the Sun Devils on their 25 yard stripe. The Bufs walked off of the field with a bitterly fought victory, which gave the Bufs their first victory over ASU since the 1962 Sun Bowl team did the trick.

The victory for Coach Joe Kerbel's chargers also gives the Bufs six wins against 13 losses in the WTSU-ASU series. Washington, by completing 19 of 38 passes, broke the school's single game completion mark of 18 set by Foster Watkins in 1937. The Buffalo quarterback piled up 296 yards on his 19 completions. Haterius reduced his punting average as he was able to total just 40 yards in four tries at his specialty. His average prior to the battle had been 17-plus yards per punt return.

ASU racked up 16 first downs while the Bufs had 17. WTSU totaled 379 yards of total offense to ASU's 197.

Future Buff opponents made football news the past weekend. Texas Western whipped New Mexico State 21-6 for its third straight win without a loss. Colorado State surprised New Mexico 27-22 by completing a 29-yard touchdown with 3 minutes left in the game.

Roy Armentrout goes high for one of Spencer "Hank" Washington's passes in the Arizona State Sun Devil Hoover.

Locals Play Plainview

The Canyoneighth grade team battles Plainview next Saturday in Plainview beginning at 9 a.m.

Last week the eighth grade took a 14-6 verdict from Borger. The victory gave the eighth grade a 1-0-1 record for the year. In last Thursday's fracas, Johnny Johnson caught a pass for one score while Gary Gilbert rambled 50 yards for another. George Johnson took the ball over the goal line for a pair of extra points on a double reverse.

Ninth Grade Plays Tulia

Coach Wayne Phemister's ninth grade footballers battle Tulia this Saturday morning at nine in Tulia.

The ninth grade has recorded a 1-2 record so far this season and last week fell to Hereford 12-0. Coach Phemister felt the offensive team should've performed better than it did in the Hereford game. The coach felt the defense performed well, although Hereford did manage a pair of touchdowns on some exceptional blocking.

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

Kress Kangaroos Sadden Cowboys

The Kress Kangaroos, sporting a great backfield, sent Happy down to its first loss in four games by walloping the Cowboys 29-0, in Kress last Friday.

A tough defense kept the Cowboys in check, although the Cowboys managed to penetrate deep in Kress territory on two occasions.

The Kangaroos, displaying mainly a ground attack, fired into the Happy end zone for a pair of touchdowns in the first quarter. Bradley Burk climaxed a 70 yard march by the Kangaroos as he rambled 18 yards for the opening tally.

On its drive toward a second first quarter score, Kress dis-

played a balanced attack as they employed some pass plays. James Lockridge, who scored a pair of markers in the battle, scored this Kangaroo touchdown on a 14 yard scamper. Lockridge later provided the most explosive play of the night when he sprinted 85 yards for a second quarter touchdown.

Burk booted his third straight conversion through the uprights, giving the Kangaroos a 21-0 lead at halftime.

Linebacker Richard Francis ruined a Cowboy bid for a marker in the third quarter when he fired through the Happy forward wall to nail Wicky Culp for a five yard loss. The Kangaroos took over the pigskin at their own fifteen, as the brilliant play by Francis took place on a fourth and one situation. John Watson completed the Kress touchdown scoring on an eight-yard run. Larry Field, Kress quarterback, ran the ball over the end zone stripe for a pair of extra points.

Happy now takes a 3-1 record into district play against Lazbuddie in tomorrow night's game in Lazbuddie.

Randy Johnson was the top Cowboy runner against the Kangaroos, as he totaled 61 yards

BY LORENA MILLER

Mrs. Elmer Clement, mother of three, shares recipes for Pumpkin Cake and Winter Salad or uncooked chow chow with readers of The Canyon News this week.

Born and reared in Canyon, Mrs. Clement is the youngest child of Mr. and Mrs. Ed Weeks. She has a brother, Bill, who is a surveyor with the Texas Highway Department in Canyon. Others are a brother, Ken, in Amarillo; a sister, Mrs. Buddy (JoAnn) Johnston, in Cisco and a brother, Don Ed, also in Cisco.

A graduate of Canyon High School, Mrs. Clement is known among friends as JoAnn. She graduated from West Texas State University in 1959 with a bachelor of science degree in physical education and taught school in Quanah and at Lamar Elementary in Amarillo.

"I'm more of a retired schoolteacher instead of a housewife," laughingly comments Mrs. Clement.

Mrs. Clement and her husband, Elmer, were married August 14, 1960 in Canyon. The couple has lived in Canyon since that time. He also graduated from Canyon High School and attended West Texas State for two years on a football scholarship before serving some three years with the Army.

During his stint in the Army, Clement was named heavy-weight champion of the Army in the far east during 1957-58 while serving in Okinawa and Japan.

For his boxing prowess, the Clement home has a display

case of boxing trophies. Among the trophies are runner-up trophies for the 1950-60 Texas Golden Gloves when Clement represented Amarillo in the competition. Largest of the trophies was awarded to Clement for having coached the 1961-62 Amarillo regional team to the championship in a Jaycee sponsored event.

Clement is the son of Mr. and Mrs. T. J. Clement of Canyon. His brothers, Jack, Howard, Lee and Zeke, live in Amarillo while C. T. resides in Elk City, Oklahoma. Sisters are Mrs. Wayne Whitteburg and Mrs. Jack Metcalf in Amarillo and Mrs. W. B. Atkinson in Pasadena, Texas.

The Clements are members of First Baptist Church.

In the ritual of jewels chapter, Chi Upsilon, she serves as member advisor and in Xi Kappa Zeta, exemplar degree chapter, she is recording secretary. A sorority member for eight years, Mrs. Clement is a charter member of both groups in Canyon.

Mrs. Clement serves as secretary and bookkeeper for the family's truck line which has four trucks. Two of the trucks transport produce while the other two are used for hauling feeds.

"Sometimes it takes both of us to keep the trucks on the road, even though we hire the drivers," related Mrs. Clement. Her husband's primary job is as a milk tester for North Texas Milk Producer's Association in Amarillo.

Refinishing furniture is one of Mrs. Clement's hobbies and she has refinished a desk for the trucking operation.

Among other favorite past-times are intricate handwork and baking for her family. The family recently bought a new sewing machine and she hopes to make sewing for the children a hobby in the future.

MRS. ADA L. WOOD

Former Homesteader Likes Living Here

By LORENA MILLER
Mrs. Ada L. Wood shares her experiences as a homesteader in New Mexico and long time resident of Canyon.
Born 1881 in Freestone County, Mrs. Wood was reared near Mexia in Big Bend Country. She was the eldest daughter in a family of five boys and five girls.
At the age of 21 she became the bride of Frank Barrett Wood. The late Mr. Wood was a

farmer at the time of their marriage but later became a water service foreman with the Santa Fe Railroad.

The couple had 10 children including five now deceased. Mrs. M. S. "Bill" Downing of Canyon is a daughter. Other children are Mrs. D. B. Johns and Mrs. J. L. McCarty, both of Amarillo; Douglas Wood of Mexia and Frank B. Wood, Jr. of Amarillo.

"When the children were small my husband came home and I told him that I wanted to get out and do something so laughing he suggested that we move to New Mexico and hold down a claim," related Mrs. Wood.

Mrs. Wood agreed to the proposal and the couple moved to Eastern New Mexico, south of Portales, where they staked a claim and settled. After the claim became valid, in five years, the couple moved to a nearby community named Delphos.

"Mesquite bushes covered the land when we first settled," said Mrs. Wood. "But we cleared the land and built a home."

During this time Mr. Wood was working with the Santa Fe and left for work each morning "riding one of those old fashioned hand cars" according to Mrs. Wood.

"About four men would pile their tools on the car and go off to work, sometimes about a hundred miles from home," related Mrs. Wood.

During the time the family lived in Delphos, Mrs. Downing was born and named Delpha after the town. When Delpha entered college at West Texas State in Canyon the family moved here.

"Canyon has really grown since we first moved here," said Mrs. Wood. "Just before my husband passed away we built a small house at the back of the alley on our homestead. Since his death I have moved into the smaller house and rented the large homestead."

At the age of 84, Mrs. Wood who is both a grandmother and great-grandmother is looking forward to many more years in Canyon.

Passing Battle For Kids, Inc.

Canyon Junior Eagles met defeat 14-8 Saturday in a home game that featured strong pass offenses by both the Eagles and Olson Park of Amarillo.

"Neither team could do much just running," said Coach C. E. Winn. "The only way they could move the ball very much was by passing."

Canyon's touchdown came on a 70-yard pass play from fullback Bill Moore to left halfback Brad Winn. Quarterback Ed Lair ran the conversion with an end sweep around left end for the two extra points.

Two more long pass plays were attempted with an open field in front of the receiver, but both were overthrown.

"We have a good passer in Moore, our fullback," Winn commented. "The quarterback hands off to him, and he does the passing." Lair and Scott Keeling alternated at quarterback Saturday.

"We had an especially interesting report from Mrs. Hosea Foster," Carruth commented, "on planned activities of the Public Education Committee."

"The plans include an open showing through motion picture presentation here of a cancer film for women. We'll offer one show in the morning for women who don't work, and one at night for those who work during the day."

Additional discussion dealt with various society meetings already attended and their results, as well as the coming state meeting Wednesday and Thursday in Dallas.

Principal part of the meeting was devoted to committee reports regarding planned activities for the coming year. Unit

Language Interest Up, Says CHS Instructor

BY LINDA LOVE
More than ninety students are expected to become members this year of the Canyon High School Foreign Language Club, according to Miss Janet Briggs, foreign language instructor at CHS.

"When I did my practice teaching here, there were only three highschool courses, two in Spanish II and one French I. Now I am teaching Spanish I, two Spanish II courses, French I and French II," she continued.

Miss Briggs is beginning her second year at Canyon High and finds an increase in interest

among both students and parents in foreign languages.

"There seems to be a movement among the parents for their children to learn foreign languages," she said. "Perhaps it's the college here, or maybe because so many of the students are German."

Several of her students who studied French last year are continuing their study in college this fall, including Rose Ellen Parker, who was recognized this summer as an outstanding student at the Sorbonne in Paris.

Most students take only one of the two languages, commented Miss Briggs, and follow it through both years, the necessary length of time to obtain credit for the language. While students of various classifications take all the courses, she noted that French was pursued mostly by juniors and seniors.

Two Spanish I sections are usually taught in Canyon's junior highschool.

"I teach the first year students by the oral method," explained Miss Briggs. "My first-year classes this fall haven't seen the words written yet. We
